

Make Your own Mobile

Make a mobile for your baby using a wire coat hanger. Stretch it open into a circle shape and wrap colourful tissue or crepe paper around it. Then hang different lengths of coloured wool from the hoop and add some lightweight, colourful shapes.

You will need:

Coat hanger 

Crepe paper 

Wool 

Card 

Scissors 

Tape 

Safety Warning!

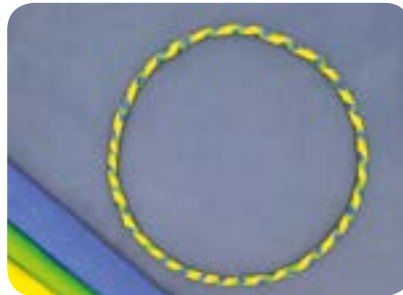

You can hang this over a cot or carry basket but make sure to keep it out of your baby's reach.

Snip off the hook end with some pliers or wire cutters.

How to:

Start by stretching your wire coat hanger open and into a circle.

Wrap the wire with colourful tissue or crepe paper.

Hang from it six different lengths of wool.
